

ARMONIA

Design: R&D Luxy

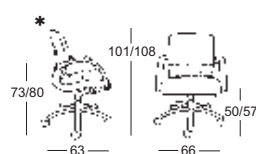

Armonia si propone come soluzione ergonomica nell'arredamento per l'ufficio direzionale. Sedile e schienale con variazione sincronizzata dell'inclinazione e dell'intensità di oscillazione con meccanica decentrata. Braccioli con struttura interna in acciaio armonico, rivestiti, agevolano la corretta posizione dell'avambraccio durante l'inclinazione. Cura nel design, sicurezza, e comfort fanno di Armonia una seduta ergonomicamente unica.

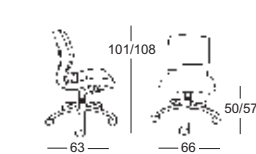

Armonia is an ideal ergonomic solution for the executive office interior. Seat and backrest are equipped with synchronized regulation of the tilt inclination and body weight adjustment with its knee tilt mechanism. The armrests with harmonic steel structure, upholstered, guarantee the correct position of the forearm during inclination of the seat proper. Care in design, safety, and comfort make Armonia a unique ergonomic seating range.
