

GRAY

Design: Iratzoky

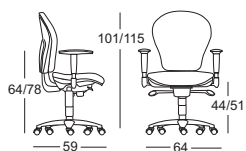

Gray propone un nuovo concetto di seduta operativa che unisce estetica e sensibilità. Contraddistinta dal suo look internazionale, dalle sue forme tondeggianti e dai suoi volumi generosi, Gray è caratterizzata grazie al morbido polipropilene che è iniettato sui suoi braccioli e leve di meccanica. Questo materiale soffice arricchisce il gradimento tattile e visivo attraverso la felice unione di due colori differenti di polipropilene.

Gray offers a new concept of task seating that combines aesthetics and sensitivity. Underlined by its international look, its soft shapes and its generous volumes, Gray is characterized thanks to a soft polypropylene injected on its armrests and hand levers. This soft material provides both visual and tactile pleasure through a new and happy combination of different colors of polypropylene.
